

I need you to help me make a difference

I want to thank the many thousands of people who listened to me as I walked door-to-door throughout our community and attended a number of candidate's meetings and other events and all those who visited me on my website and Facebook. I would also like to thank Better Niagara and the Niagara Region Labour Council for their endorsements.

I believe in the Town of Niagara-on-the-Lake. I have lived and worked here for most of my life. My children grew up here. My grandchildren visit regularly. I love what it is. The Town is changing and I want to ensure that it changes for the better. I want to make a difference. You can help me.

You will soon have an opportunity to vote for the new Town Council of Niagara on the Lake. There are many issues that must be addressed. To move forward on the important issues, the new Town Council must be like minded. They must be able to work together and, when necessary, work with the Region and the Province. They must be willing to compromise without compromising their individual principles, importantly, they must listen to and be responsive to taxpayers.

You can help to make a difference in the future of our town.

If you like who I am and agree with my stated priorities, then I need your vote on Monday – October 22nd.

It's important, your voice cannot be heard unless you exercise your right to vote.

You can vote for up to eight councillors but you need not vote for eight. Only vote for the candidates that you think will make a positive difference.
